Division 22 Assurances 2019

By February 1 of each year, school district superintendents are required to report to their local school board the district's standing with respect to all Standards for Public Elementary and Secondary Schools as set forth in Oregon Administrative Rules 581-022-2305. Districts are also required to post the report to their websites by February 1, 2019. Following that report, districts will complete and submit to the Oregon Department of Education (ODE) the annual Elementary and Secondary Schools Assurance Form by February 15, 2019.

The Athena-Weston School District conducted a complete policy and procedure update. We receive quarterly updates to ensure that we are current with Oregon Administrative Rules and regulations. New policy language is presented to the board and at this time we are in compliance with all 22 Standards for Assurance as required. We have updated our compliance report through Indistar as required.
